- September 8-12, 2014, 1:00 – 4:15 p.m. EST

Course Length:

Courses are conducted in three hour and 15 minute blocks, over 5 consecutive days.

Location:

Online, Adobe Connect Webinar course.

Program Description:

The K0146 HSEEP: Basic course provides a comprehensive overview of exercise design along with practical skill development. Using the same terminology and processes, this course will provide activities that will give participants an opportunity to interact with many of the templates and other materials that are provided by the National Exercise Division to ensure exercises are conducted in a consistent manner.

Course Objective:

Upon completion of this course, participants will gain a better understanding of what constitutes an effective exercise.

Course Design:

The online HSEEP course follows a webinar format that includes: classroom-like lecture, small-group activities, and a pre- and post-knowledge check to determine how well participants learned during this course. Small-group activities reinforce the concepts taught during lectures.

Prerequisite:

- IS 120.a - An Introduction to Exercises

Recommended Course:

- IS 130 - Exercise Evaluation and Improvement Planning

Attendance:

It is mandatory that the participant complete all 16 hours of this course to receive full credit. Anything less will result in the participant to re-register for another course and start from the beginning.

Target Audience:

Anyone who will be a member of an exercise design team or fulfill a role in one of the following areas of the exercise design process: design, development, conduct, evaluation or improvement process for an exercise.
